LEADERSHIP CERTIFICATION PROGRAM

PureSpring Institute's Leadership Certification provides Standards Recognition for Apostolic & Prophetic Commitment

Overview | PureSpring Institute offers two leadership certification specializations, consisting of four core courses from the School of Apostolic Leadership and the School of Prophetic Leadership. Our main goal of the certification program is to recognize excellence, provide accountability and credibility for leaders with ongoing commitment to apostolic and prophetic practice. PureSpring Institute's Leadership's Certification Program (PSI-LCP) fosters the ongoing leadership development of participating students through catalytic instruction, spirit-breathed learning environments, direct experience, and active reflection. The leadership training, education, and development of these students, supports and enhances their functioning in current leadership positions, further prepares them for future leadership endeavors, and directly benefits the churches and ministries with which they work.

Whether you serve in the marketplace, church ministry, or missions, PureSpring Institute (PSI) provides the certification and training to leaders with demonstrated apostolic and prophetic capacities to increase ministry effectiveness. PSI Leadership certification and training is built upon Biblically-based standards that reflect principles and practices designed to strengthen local churches while engaging leaders in kingdom-focused ministry.

PSI-LCP Process | Over a period of 10-16 months, PureSpring Institute's Leadership Certification Program (PSI-LCP) participants complete four courses (over 165 contact hours) and navigate a path towards mastery of Apostolic and Prophetic Foundations. Participants begin by developing a solid understanding of their calling through four guiding disciplines found to differentiate highly effective leaders through Prophetic Leadership Principles and/or the Apostolic Leadership Principles. Next, participants turn principles into action in intensive ministry and marketplace practice areas each with its core competencies. The four component leadership certification process culminates as participants chart their path towards a unique leadership approach.

All participants will attend either the School of Prophetic Leadership or School of Apostolic Leadership, or both, dependent upon their leadership emphasis. Following the four-month Leadership Principles course they will deepen their learnings in an Advanced Principles or Paradigms course. Next, participants will transition into a six-month Integrative Leadership Practicum and finish by joining together for The Capstone Leadership Advance. Upon completion, participants will be equipped with the skills to begin the next phase of their ministry assignment and leadership journey - The practice of Apostolic and Prophetic Leadership in congregational ministry, missions, or the marketplace.

Flexible Schedule Options | We have designed the four-course, Leadership Certification Program with your busy schedule in mind. All four courses, at each level can be completed in 10 months, you may extend the completion period if needed. Most courses are held monthly on Saturdays to accommodate the needs of working individuals.

LEADERSHIP CERTIFICATION PROGRAM

PureSpring Institute's Leadership Certification and Training
for the Apostolic and Prophetic Leader

Certification Program Roadmap

Complete the entire program, consisting of four courses (165 Contact Hours) and receive Certification from the PureSpring Institute Leadership Certification Program (PSI-LCP).
