

# PURESPRING INSTITUTE

## School of Prophetic Leadership

*"Equipping leaders in three-fold Kingdom commission"*

Summer  
2011

Dear Pastor,

We are delighted to inform you of PureSpring Institute's School of Prophetic Leadership being held this fall in Boston. Our mission at PureSpring Institute is to empower kingdom leaders for the task of spiritual awakening in neighborhoods and nations. Since 1994, PureSpring International Ministries has been committed to Christ-centered renewal through several initiatives in New England and the northeast. PureSpring Institute was formally started in 1999 as the equipping arm to empower leaders as agents of kingdom renewal. The launch of the School of Prophetic Leadership in January 2007 has been part of the realization of this leadership development vision birth in our hearts. We are pleased that many pastors and ministry leaders like you share our passion to see kingdom equippers mobilized for revival in New England and the nations and are excited to see this growing out of Boston. We are inviting you and your church to participate in this vital leadership training at Leon de Juda ([www.leondejuda.org](http://www.leondejuda.org)) in Boston's South End neighborhood.

The School of Prophetic Leadership is a discipleship training for emerging and existing prophetic leaders. The main goal of the school is not merely transmitting information but to awaken the gifts and fruit of prophetic ministry in 21<sup>st</sup> century prophetic leaders for renewal in churches and all arenas of society. The program is committed to being both a biblically-based and a spiritually-empowering process to enhance the capacity of people at various stages in prophetic ministry. The School's typical format is one Introductory Session, Four full day Seminar Intensives, and a Closing Ceremony. These are typically held on Saturdays once a month over a four month period providing a flexible format that allows working individuals with busy schedules the opportunity to enroll in the program. In addition, the full day Seminars provide participants adequate time for teaching, question and answer, and activation sessions. The teachings follow a prophetic progression, teaching four core disciplines of prophetic leadership and moving from principles to practice while leading participants from personal prophecy into corporate prophetic ministry in church and culture. There will be a graduation ceremony to culminate the program and all participants with full attendance will receive a Certificate of Completion from PureSpring Institute at the end of the training.

We are encouraging congregations to send teams of 3 or more persons to reinforce and maximize the training even more. PureSpring Institute offers special discounted group rates, so feel free to call and inquire about this. Each person on a team must send in a separate Registration Form and Recommendation Form. You may make as many copies of these as you needed to or download or submit all forms through our website.

If you would like to discuss the program further or have questions answered, please do not hesitate to contact us by phone or e-mail. We encourage you to call us at: **617-372-5720** and visit our website at: [www.purespringinstitute.org](http://www.purespringinstitute.org), to learn more about our programs and to sign our mailing list to receive ongoing updates. Mark your calendar and register now for our upcoming schools! We welcome you and your congregation to take full advantage of this valuable kingdom equipping resource.

In the overflowing grace of our Lord,

Revs. Ronald & Kathleen Verna
