# Prophetic Leadership Practicum Series

Equipping Prophetic Practitioners to engage in Local Church, Citywide, and Regional Ministry

## PROGRAM OVERVIEW

The Prophetic Leadership Practicum (SPL2000) is an experiential learning presented by the School of Prophetic Leadership. The primary goal of the Leadership Practicum is to engage participants in a guided, practical learning process to enhance the understanding of how prophetic roles are carried out in five key areas of ministry. The complete practicum series is a 60-Hour intensive training delivered in five monthly, 12-hour seminars. The Practicum involves workshops, coaching, and clinics designed to give practical experience, ministry exercises, peer feedback, personal reflection, and supervised mentoring. Through the Prophetic Leadership Practicum, participants are exposed to opportunities for leadership and involvement in prophetic ministry settings. The end result will lead to an increased sense of competence, strengthening calling, and confidence to move further in prophetic gifting. The Prophetic Leadership Practicum provides the basis for PureSpring Ministries' Prophetic Team ministry involvement.

### The Practicum consists of four outcomes:

1. A supervised mentoring experience with senior level prophetic leadership in a group learning context.
2. Support and coaching for initiating church-based prophetic ministry within your own local church environment.
3. Eligibility for PureSpring's Prophetic Ministry Team and involvement in PureSpring's regional, national, and international Crusade ministries
4. Completion of total practicum series (5 courses) qualify for the Prophetic Leadership Certification Program\*
