Prophetic Leadership Practicum (SPL3000)

Putting the Prophetic Into Action in Congregational Ministry

The Prophetic Leadership Practicum - SPL2000 is an experiential learning presented by the School of Prophetic Leadership for those who have completed SPL1000. The primary goal of the Practicum is to engage participants in a guided, practical learning process to enhance the understanding of how prophetic roles are carried out in six key areas of ministry. The Practicum delivers 72 hours of training in six monthly, 12-hour seminars. The series involves workshops, coaching, and clinics designed to give practical experience, ministry exercises, peer feedback, personal reflection, and supervised mentoring. Through the Prophetic Leadership Practicum, participants are exposed to opportunities for leadership and involvement in prophetic ministry settings. The end result will lead to an increased sense of competence, strengthening calling, and confidence to move further in prophetic gifting.
