

August, 2011

*Dear PureSpring Alumni & Prospective Students,*

PureSpring Institute is excited to beginning our fifth year of equipping ministry through the School of Prophetic Leadership in Boston! We are grateful that many like you share our vision to see a new breed of kingdom leaders “*spring into the lead*” by empowering the forerunners of revival in New England. The School of Prophetic Leadership continues to be committed to developing biblical, spiritual, and practical leadership excellence to enhance the kingdom capacity for those at various stages in prophetic ministry. Wherever you are in your development, our expanded program now offers you the advantage of exploring, deepening and sustaining your prophetic impact. We are providing more innovative and biblically-based courses on the prophetic, along with, spirit-filled impartation from recognized prophetic leaders in a one-of-a-kind learning environment designed for you. In this fifth season, we are thrilled to offer a newly revised program that culminates with the Leadership Certification Program for prophetic practitioners. The expanded curriculum for the School of Prophetic Leadership now consists of four catalytic courses providing over 250 contact hours in a ten-month period, designed to equip 21<sup>st</sup> century prophetic change agents.

The School of Prophetic Leadership’s standard format is four full day sessions, held once a month over four months, and conducted on Saturdays. This flexible arrangement allows working individuals with busy schedules the opportunity to enroll in the program with optional time for reading and reflection. In addition, the full day seminar intensives provide participants with substantial teaching, group exercises, question and answer, feedback, individual consultations, and activation sessions. These sessions build from principles to practice while leading participants from a personal to more corporate prophetic scope with the goal of activating prophetic ministers into congregational mission and spheres of societal influence.

As many have already experienced, our program is distinctive in its delivery of rich and deep scriptural content that bolsters the practice of contemporary prophetic ministry. Yet, the main goal of the school is not merely transmitting information, but transforming leaders by releasing an impartation of power to help you effectively breakthrough your leadership barriers and by mobilizing you into their callings and functions. At the end of the program, we prayerfully commission and present a Certificate of Completion to all participants for each course completed at our special prophetic Commissioning Ceremony. Eligible students may further elect to apply to become a Certified Prophetic Leader (CPL) and complete the entire four-course Leadership Certification Program by meeting all program criteria.

If you would like to discuss the program or have questions answered, please do not hesitate to contact us by phone or e-mail. Also, you can learn more about the School of Prophetic Leadership’s program, at an Information Session held on Thursday September 8<sup>th</sup> from 6pm – 8pm at Congregation Lion of Judah. Please note it and we will send you confirmation regarding the time and location along with additional information you may need to know. We hope that you will be a part of this incredible journey into prophetic ministry!

May His Kingdom Come,

Pastor Kathleen Verna  
Co-Founder and President
